VERMOUTH SPECIALS

Vermouth has played a leading role since the beginning of cocktail tradition and remains an indispensable ingredient in many modern creations. The same applies here at the Tantris Bar.

I was given the opportunity to create my own vermouth variation with the aim of achieving an ideal product to meet our standards and expectations in taste. It began with a year of studying antiquarian recipe books and learning about medicinal herb extracts. Drawing on this expertise, I created the framework for the current "Vermouth Salicutti."

The foundation of the Vermouth is a 100% Sangiovese from Podere Salicutti in Montalcino, home of the world famous "Brunello di Montalcino." The red wine is seasoned with 16 single infusions of various herbs and spices, the alcohol content is increased with a barley distillate and rounded off with acacia honey. The characteristic bitter taste of the wine aperitif is developed using wormwood herb, nettle and yarrow, mint and lemon verbena provide the necessary freshness. The aromatic body and warmth are enhanced by chamomile, mace and turmeric. After numerous individual samples, tastings and once all doubts regarding flavour and structure had been dispelled, we bottled the first 1500 bottles of Vermouth. All along this exciting process, I could count on the support of my friend Gianni Fabbri, the winemaker at Salicutti, and the expertise of the master distiller Priscilla Occhipinti of the Nannoni distillery.

I am infinitely pleased that the Tantris Bar team is now serving our "Salicutti Vermouth". I very much hope you enjoy savouring it! Salute!
Max Hildebrandt
